MEMORANDUM FOR: CPP

SUBJECT : Renewal of AECOB PP Project

REFERENCE : 3/15/55 Memorandum from CPP to CSR, Subject:
Renewal of PP Projects for FY 1955

1. To help clarify the matter mentioned in reference memorandum, the following is called to your attention:

a. SR/PP Project AECOB (ZRLYNCH) described in subject memorandum as "delinquent" was actually never put into effect. It was originally submitted for approval on 14 May 1953, but, while various preliminary concurrences were secured, the Project was withdrawn by decision of SR Division before coming up for final approval. Consequently, it never received such final approval and has been considered since in the category of an unapproved proposal. It is not intended to reactivate the project as originally conceived.

b. AEFLAG is a firm proposal for a Latvian PP Project referred to in the current SR Country Plan. It is in the process of formulation and will be submitted for approval as a new project upon its completion.

2. It is hoped the foregoing will serve to clarify the situation regarding the Latvian PP Projects.
